CURATORIAL NOTES

The Heart of the Traveller explores the emotional landscape of movement and memory through abstract forms and color relationships. Part of the Mediterranean Echoes collection, this work captures the internal experience of travel as a series of layered

impressions and fleeting encounters. The composition presents travel not as geographic displacement but as an accumulation of visual and emotional fragments.

Silver and steel gray tones dominate the composition, creating a neutral foundation that suggests the ephemeral quality of memory. Deep maroon and brown areas provide dramatic contrast, appearing as bold geometric shapes that anchor the lighter passages. Soft blue and yellow-green accents emerge throughout the surface, offering moments of chromatic intensity against the predominantly muted palette. The paint application varies from smooth washes to textured passages, with linear elements and small geometric forms creating visual punctuation across the surface.

The work measures 21 × 30 cm and uses acrylic on paper, making it part of the medium-size classification within Quercy's body of work. Created in 2023, it represents the artist's contemporary approach to abstract painting within the Mediterranean Echoes series. The piece carries certificate of authenticity number 20231231-0070 and bears the artist's signature on the front surface.

THE ARTIST**Arnaud Quercy**

Arnaud Quercy is a Parisian artist working across painting, music, and sculpture. His practice is grounded in Ideamorphism — the principle that a work of art does not carry meaning, but triggers it. Each piece is engineered to diffract differently through each person who encounters it.
