## DESCRIPTION

'Cycladic Stillness - Fragments of Silence' evokes a profound sense of calm and contemplation, inspired by the timeless elegance of ancient Cycladic art. This delicate watercolor composition merges abstract geometry with organic forms, paying homage to the serene beauty and minimalist aesthetics of the Aegean islands.

The artwork's harmonious palette of soft blues, muted purples, and subtle grays mirrors the tranquil hues of sea and sky, while linear structures intersect with fluid curves to create a balanced, meditative arrangement.

The circular and oval forms resemble ancient figurines and sacred symbols, inviting reflections on stillness, spirituality, and eternity.

Arnaud Quercy's brushwork delicately captures light and shadow, hinting at both fragility and strength. The overlapping shapes and fine lines symbolize the layering of history and memory—silent echoes of past civilizations preserved in fragments. The composition's vertical alignment suggests continuity, connecting earth and sky, time and space.

This piece is part of Quercy's 2024 collection, exploring themes of silence and presence through abstraction. Perfect for collectors and interior design enthusiasts, it offers a sense of timeless elegance and quiet introspection.

Delivered with a Certificate of Authenticity (N° 20241205-0296), this unique artwork ensures both value and originality. Signed by the artist, it complements contemporary and classical settings alike.
