## PROVENANCE

**Origin:** Arnaud Quercy, Paris, France, 2024

## DESCRIPTION

In a forgotten realm, where myths intertwine with reality, stands a dragon, sculpted by the hands of Arnaud Quercy. This rare sight captures the essence of a creature born from fire and shadow, its form both majestic and menacing.

With sinuous curves and intricate details, the dragon embodies an ancient power that commands awe and respect. The patina finish adds an aura of timelessness, as if this legendary beast has emerged from the depths of time to remind us of the mysteries and legends that still linger in our world.

This sculpture was created as part of a diptych with the “Dragon Breeder,” both pieces telling a story of ambition, power, and the enigmatic bond between the breeder and his dragon. Together, they evoke a world where the fantastical becomes real, and ancient myths breathe anew.
