DESCRIPTION

In a shadowed kingdom, a secretive dragon breeder stumbled upon an egg. From this mystical vessel emerged a fearsome dragon. Harboring dark ambition, the breeder meticulously trained the dragon, plotting to overthrow the tyrant king. This sculpture was created as part of a diptych with the “Dragon,” both pieces telling a story of ambition, power, and the enigmatic bond between the breeder and his dragon. Together, they evoke a world where the fantastical becomes real, and ancient myths breathe anew.
