CURATORIAL NOTES

This work explores the intersection of geometric form and urban observation through bold color relationships and structured composition. Part of the City of Lights, Shadows of Thoughts collection, the piece transforms everyday moments into abstract visual language. The work examines how simple shapes can carry emotional weight and narrative suggestion.

Orange tones dominate the composition, creating warmth that spreads across nearly half the surface. Red-orange areas provide substantial presence throughout the piece, while lighter tan and cream sections offer breathing space. A prominent red circle anchors the upper portion, balanced by angular geometric forms below. The white vertical element creates contrast against the warm palette, while black linear details define boundaries between color areas. Small circular accents in pink and white add rhythmic punctuation to the structured arrangement.

This acrylic on paper work measures 10.0 × 15.0 cm and weighs minimal for its compact scale. The piece carries certificate of authenticity number 20240220-0012 and bears the artist's signature on the bottom right. Created in 2024 as part of Quercy's ongoing exploration of urban themes, the work demonstrates his approach to distilling complex visual experiences into essential geometric elements.

THE ARTIST

Arnaud Quercy

Arnaud Quercy is a Parisian artist working across painting, music, and sculpture. His practice is grounded in Ideamorphism — the principle that a work of art does not carry meaning, but triggers it. Each piece is engineered to diffract differently through each person who encounters it.
