CURATORIAL NOTES

This work explores the visual rhythms of urban spaces through abstract forms that suggest architectural elements and natural textures. Part of the "City of Lights, Shadows of Thoughts" collection, the piece captures the interplay between structured geometry and organic surfaces that characterizes contemporary city experiences.

Warm earth tones dominate the composition, with pale yellow-orange areas creating the largest visual masses. Rich russet and dark gray sections provide substantial presence throughout the surface, while bright orange forms add energetic accents. Red-orange tones appear in multiple zones, creating connections across the geometric arrangement. Purple accents emerge in small areas, offering subtle contrast to the predominantly warm palette. Black linear elements define boundaries and create structural divisions between color areas.

The acrylic painting measures 10.0 × 15.0 cm on paper, making it part of Quercy's compact format explorations. Certificate of authenticity number 20240220-0014 accompanies the work, with the artist's signature located at bottom right. The piece represents Variation 2 within the summer variations subset of the Luxembourg Gardens promenade series, completed in 2024 at the artist's France studio.
