DESCRIPTION

'Voyage' is a vibrant and abstract representation of a journey, capturing the essence of exploration and movement through dynamic shapes and colors. The interplay of green, purple, and orange hues creates a sense of depth and complexity, evoking the multifaceted experiences encountered during travel. The fine lines connecting geometric forms suggest paths and connections, symbolizing the interconnectedness of different places and moments. The layered composition invites the viewer to embark on their own journey of imagination, discovering new perspectives and meanings within the artwork. The blend of colors and abstract forms reflects the unpredictability and excitement of a voyage, where each turn reveals something new. This piece is part of a series where Arnaud Quercy explores the theme of travel and discovery through abstract art. 'Voyage' serves as a visual metaphor for the adventure and enrichment found in exploring the world and oneself.
