## CURATORIAL NOTES

Dreamer explores the intersection of form and contemplation through contemporary ceramic sculpture. Part of the Untamed Creations collection, this work investigates how three-dimensional form can embody states of reflection and inner experience. The piece examines the relationship between physical presence and mental space through curved ceramic forms.

The sculpture presents a warm, earthy palette dominated by natural clay tones with subtle patina effects throughout the surface. The form consists of curved, organic shapes that create an enclosed space, with a rounded element nestled within angular geometric boundaries. The patina treatment adds depth and variation to the ceramic surface, creating subtle shifts in color and texture. The piece is mounted on a sleek black metal stand that elevates the work and provides visual contrast to the warm ceramic tones.

The work measures twenty-three by eight by seven centimeters and weighs approximately seven hundred fifty grams. Created in Paris on July fifth, two thousand twenty-four, the sculpture bears certificate of authenticity number twenty-zero-two-four-zero-seven-zero-five-zero-one-five-six. The artist's signature appears below the work. The piece is catalogued as AQC0660 within Arnaud Quercy Creations.

**THE ARTIST****Arnaud Quercy**

Arnaud Quercy is a Parisian artist working across painting, music, and sculpture. His practice is grounded in Ideamorphism — the principle that a work of art does not carry meaning, but triggers it. Each piece is engineered to diffract differently through each person who encounters it.
